

POEM OF THE WEEK

PERFECTION: BITS OF

1

Are you seeking perfection?
Do we all do it?
Am I in a minority?
A majority?

Are you seeking perfection?
Is it possible? Is it wise?
Perfection? Perfection?
What is it? How will we know?

“Dream”, makes its appearance as a line
From a song. Leaves Quest? = “Perfection”?
Imprecise. “

2

Are you seeking perfection?
Do we all do it?

Are you seeking perfection?
Is it possible? Is it wise?

I believe “better” is possible, in everything
Every day. Change behaviour patterns

3

If it's an all-encompassing quest;
Forcing us to forget the rest;
both in the sense of relaxing,
and relating to the horde of demands,

we face every day

4

both in the sense
of relaxation & relating to the horde Of demands,
we face every day
I conclude. I believe this to be true

We might find perfection, the absolute
One day; it won't be in this world
We won't be alive.
